THE MOBILE FOOT CLINIC

Mobile podiatry for veterans
Sydney · Illawarra · Central Coast

How to get DVA podiatry at home

A simple guide for veterans, war widows and families, and the welfare officers who help them.

DVA Veteran Cards (Gold and White) are accepted as payment upon a GP referral.

Which cards can be used for podiatry?

Gold Card
Podiatry for any condition where it's clinically needed.

White Card
Podiatry for an accepted service-related condition.

Orange Card
Covers medicines only, so it can't be used for podiatry.

Three steps to your first home visit

1 Ask your GP
At your next appointment, say:

"I'd like a D904 referral to podiatry, please."

2 Send us the referral
Ask your GP to email it to **info@themobilefootclinic.com.au**, or keep a copy for your first visit.

3 Call us to book
We visit you at home, in a retirement village or in aged care, at a time that suits you and your family.

Is it time to see a podiatrist?

- [ ] Toenails are thick, curved or hard to cut
- [ ] Corns or hard skin are painful
- [ ] Diabetes, numbness or poor circulation
- [ ] Sores or cracks that are slow to heal
- [ ] Foot pain, or shoes no longer fit well
- [ ] Feeling unsteady, or a recent fall

Have these ready

- Your Veteran Card
- Your GP referral (or we can get it from your GP)
- A list of your medicines
- A comfortable chair and good light

How long a referral lasts: up to 12 visits or one year, whichever comes first. We report back to your GP, who can refer you again if you still need care.
